

COMPANY PROFILE

ADVANCED TECHNOLOGY INNOVATION AND SERVICES CO., LTD.

ATIS has been founded by a group of engineers, scientists, accountants, business managers, attorneys, and educators since 2011.

We offer a wide range of products and services for a variety of manufacturing and service industries worldwide, mostly in Thailand. Currently, our partners/suppliers are in USA, China, Japan, ..., etc.

Products & Services

Power Plant

Consulting and EPC services on power plants (ie., waste to energy, biomass, ..., etc.) design and construction

Noise Reduction Systems

Active and passive noise control systems, for example, noise barrier, noise absorbing materials, ..., etc.

Fire Protection System

Fire protection system, smoke detection system, fire wall design and installation

Plant Layout

Facilities / plant layout design, inspection and approval

Waste

Consulting and EPC services on waste businesses, for example, waste to energy power plant, sorting system, waste water treatment system, feeding system design and construction

Training

Industrial and Systems Engineering Basics, Risk Assessment and Control, Behavior-Based Safety (BBS), System Safety, Human Factors and Ergonomics, Statistical Methods Training, ..., etc.

Help & Support

Engineering solutions and EPC services

Examples of Work Experiences

Energy

Plant layout design and approval

- PTT Global Chemical Public Co., Ltd.
- U-Thong Bio Power Co., Ltd.
- U-Thong Plasma Energy Co., Ltd.

Fire Protection Systems

Deluge fire protection system design and installation

- Bangkok Cogeneration Co., Ltd.
- U-Thong Plasma Energy Co., Ltd.
- General Electric International Operation Company Inc.

Waste Water Treatment and Management Systems

- Hitachi Metals (Thailand)
- Hitachi Metals (Thailand) Co., Ltd.
- U-Thong Plasma Energy Co., Ltd.

Noise Reduction and Control Systems

Active and passive noise (barrier) design and installation

- U-Thong Bio Power Co., Ltd.
- B.Grimm Power (Laem Chabang) 1 Ltd.

Training and Implementation

Behavior-based safety, human factors engineering and ergonomics

- B.Grimm Power (Laem Chabang) 1 Ltd.

Automation and Robotics Systems

Track scaling system, IoTs, automated systems, service robots design and management

- Sila Martsri Co., Ltd.
- KMUTNB

Smartphone Applications

Parent-Teacher Communication App

- KMITL
